Beginning Wednesday September 16, 2009, segments of Eufaula Street (between College Avenue & University Blvd.) will be closed for the installation of 2 speed tables. The construction is for a City of Norman Traffic Calming Program project requested by residents, and funded by a Community Development Block Grant. Local access will be maintained at all times for residences adjacent to the work sites. Nash Construction Company will be performing the work which should take 2 or 3 work days to complete, weather permitting.
